

CONRAD TREASURY HOTEL & CASINO BRISBANE, QLD

The Treasury Casino development provided Brisbane with a much needed international standard tourism and entertainment facility along with the opportunity to reuse and refurbish two heritage listed buildings.

The design of the three-level casino capitalises on the exuberant Italian renaissance features of the Treasury building. The Land Administration building is now a five star boutique hotel with 97 guest rooms, guest lounges, bars, restaurant, conference rooms and back of house facilities.

The adjacent Queens Park site was excavated to provide five levels of carpark and redesigned to include significant elements of the original park and provide a more formal view from the Casino and surrounding streets.

CLIENT: Jupiters Limited
GFA: 13 000m²
CAR PARKING: 750 spaces
COMPLETED: April 1995
AWARDS: 1998 RAIA Regional Commendation
1998 RAIA Conservation Award

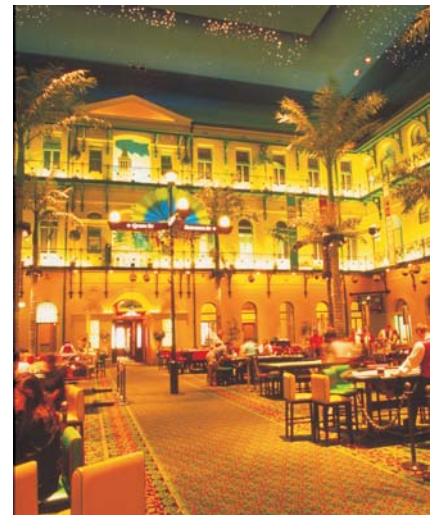

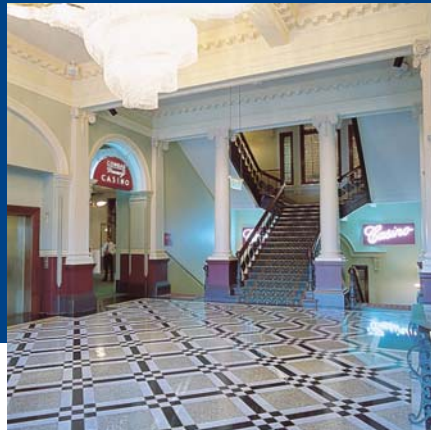

CONRAD TREASURY HOTEL & CASINO BRISBANE QLD INTERIORS

The design for Conrad Treasury Casino and Hotel expresses the grandeur of two gracious and historic buildings, while providing modern amenities and state of the art gaming facilities.

The project was at the forefront of debate on the adaptive re-use of significant and historic public buildings in Australia.

The casino and hotel were created within the former Treasury and Lands Administration buildings in Brisbane. The project was the second casino development to be undertaken by The Buchan Group for Jupiters Ltd.
