

# RAFFLES CITY RETAIL SHANGHAI

**Raffles City Retail, Shanghai is an eight storey retail podium that wraps around the adjacent 51-storey office tower.**

The Buchan Group-designed centre faces the historic People's Square, a short walk from Nanjing Pedestrian Street, and is served by three subway lines. This fashion lifestyle centre's strategic location and contemporary design have commanded the attention of locals and tourists since its opening in November 2003.

It adds a contemporary transparency and textural richness to this important site, with crisp stone facades and glass volumes providing a vocabulary of geometries, planes and layers. An angled clear glass expanse breaks open the facade and marks the main entry, leaning toward the street and Square, creating a dramatic experience. The atria and circulation spaces feature well-proportioned volumes bringing natural light into all levels of the centre.

The centre was documented by P&T Consultants, Shanghai.

# RAFFLES CITY RETAIL SHANGHAI GRAPHICS

**Raffles City Retail, Shanghai is an eight storey retail podium that wraps around the adjacent 51-storey office tower.**

The Buchan Group designed centre faces the historic People's Square, a short walk from Nanjing Pedestrian Street. This fashion and lifestyle centre's strategic location and contemporary design have commanded the attention of locals and tourists since its opening.

The design for branding, wayfinding and environmental graphics were all developed by The Buchan Group Graphics team.

The centre was documented by P&T Consultants, Shanghai.
