

St. JOHN OF GOD MEDICAL CLINIC

SUBIACO WA

Completed in 1999, the new \$42 million Subiaco Medical Clinic consists of a 12 theatre Operating Suite, Day Surgery Unit, CSSD for the total Hospital Centre, Intensive Care and Coronary Units, Pathology, Medical Consultant Suites, Accident Emergency facilities, Physiotherapy Department and 300 car bay parking accommodation.

A new MRI suite and co-generation plant were included with this project. The design of the fitouts for the majority of the medical consultants suites was also carried out by The Buchan Group.

CLIENT: St John of God Health Care System
